Food and gear should weigh no more than 80 pounds per person, two persons gear is packed on one pack horse. Additional horses can be pre-arranged for \$300 per horse or \$600 per additional trip with the same horses. Insurance requirements do not allow horses to be left with you. Bring lightweight gear, food, and drinks in unbreakable containers suitable for horse packing. - 12. ASSIGNMENT OF GUIDE AND/OR CAMP:** If you make a request to be assigned a particular guide or to have your trip scheduled in a particular camp, BPO will make every effort to accommodate your request, **but BPO cannot make any warranty or guarantee for any specific guide or camp** due to unforeseen circumstances that can arise and affect the availability of certain guides and/or camps for a hunt. Several BPO guides have guided for many years but guides who become unavailable for any reason must be replaced with new guides. All new guides are trained in first aid, trophy judging, caping, game care, and will have spent the required amount of time learning the licensed hunting area to be a licensed guide.
- 13. WEATHER & NATURE:** Are unpredictable and can affect the outcome of your trip, your comfort, and conditions in camp. Be advised, BPO have no control over weather and nature. Occasionally weather can be so harsh that access roads can become so muddy and slick or snowed in that travel can become unsafe or too damaging to the roadways or equipment. If weather causes these conditions BPO may be forced to pause your hunt until conditions improve. This action is for your own safety or to protect roads and equipment from damage. As soon as the weather improves the roads usually improve quickly to allow travel. As soon as possible BPO will have your hunt underway. **No extra days will be given or refunds made** due to this lost opportunity, inconveniences, or losses to you or your property, as a result of weather, muddy or snowed in roads, or any other acts of nature.
- 14. ABANDON CAMP:** On the rare occasion that weather becomes too harsh to comfortably and/or safely stay in camp or any other unforeseen circumstances arise complicating your stay in camp, BPO reserve the right to provide alternate accommodations at a different location. If you are in a drop camp, you may have to make this decision for yourself.
- 15. TRANSPORTATION:** Guided trips may be executed using autos, ATV's, horses, or on foot, and the transportation provided will be by BPO choice unless special arrangements have been included on your "Statement & Contract". **Please Note:** On trips with more than two clients per guide, you may need to provide transportation for some of your party members since you all may not comfortably fit into the guide's auto. Semi-guided and unguided hunters must provide all their own transportation. Ask in advance about what type of transportation works best in your hunt area. **Please Note:** When social distancing is required by law, guests must bring their own transportation that allows them to follow the guide.
- 16. HORSEBACK HUNTS:** Horseback hunts are only offered for guided southern Idaho hunts for an \$1000 additional fee. Horses should be arranged well in advance of the hunt.
